The connection you can trust.

# Marley Classic gutter system

Based on an original Roman design, the Classic Shape is referred to as the OGEE profile and is particularly suited to villas and colonial style houses.

## Marley Classic

Marley Classic is based on the original roman profile. Particularly suited to villas and colonial style houses.

## Tough and Long-Lasting

Marley Classic gutter is manufactured from uPVC. It is an extremely tough and long-lasting material that will not rust, requires little maintenance and is UV resistant.

All Marley Classic components come with a 20-year guarantee.

## Easy to Install

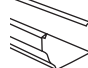

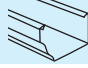

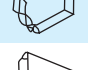

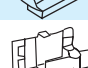

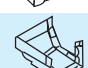

The Marley Classic gutter system is a solvent-jointed system that requires no special tools. It is compatible with most downpipes and rain harvesting systems and comes with a complete range of fittings including a dropper concept for use when a rainhead is not suitable.

## Suits any Colour Scheme

As with all the Marley gutter systems, Marley Classic can be easily painted to complement any colour scheme.

### DISCLAIMER

This technical catalogue has been compiled by Marley New Zealand Limited ("The Company") to promote better understanding of the technical aspects of the Company's products to assist users in obtaining from them the best possible performance. The technical catalogue is supplied subject to acknowledgment of the following conditions: The technical catalogue is protected by Copyright and may not be copied or reproduced in any form or by any means in whole or in part without prior consent in writing by the Company. Product specifications, usage data and advisory information may change from time to time with advances in research and field experience. The Company reserves the right to make such changes at any time without notice. Correct usage of the Company's products involve engineering judgements which cannot be properly made without full knowledge of all the conditions pertaining to each specific installation. The Company expressly disclaims all and any liability to any person whether supplied with this publication or not in respect of anything and of the consequences of anything done or omitted to be done by any such person in reliance whether whole or partial upon the whole or any part of the contents of this publication. No offer to trade, nor any conditions of trading, are expressed or implied by the issue or content of this manual.
